

**Golden Eagle Science Team Agenda**  
**CDFW Region 2 Office, Rancho Cordova**  
**February 21, 2019, 8:30-5:00**

- Introductions and Agenda Review – 10 min
- Background (Carie Battistone, CDFW) – 10 min
  - Break-out of the science team from the working group
  - Webpages
  - Purpose statement
- Briefing on GEWG meeting (USFWS) – 10 min presentation, 15 min discussion
- CDFW database (Carie Battistone, CDFW) – 10 min presentation, 5 min discussion
- Golden Eagle Mortality Investigations (Krysta Rogers, CDFW) – 15 min presentation, 5 min discussion

BREAK: 10:00-10:20

- National Eagle News (Brian Millsap and/or Jeep Pagel, USFWS) - 20 min presentation, 10 min discussion
- Western Golden Eagle Team (Brian Woodbridge, USFWS) - 30 min presentation, 30 min discussion

LUNCH: 11:50-1:30

- Research Presentations:
  - David Wiens, USGS (30 min)
    - Golden Eagle Occupancy Surveys
  - Adam Duerr, USGS/BBI (30 min)
    - Upcoming analyses
  - Jeff Tracey (30 min)
    - Movement patterns and habitat selection show urban and human avoidance by Golden Eagles in coastal southern California

BREAK: 3:00-3:15

- Research Presentations:
  - Steve Slater, Hawk Watch International (30 min)
    - Eagle Vehicle Strike (EVS) field project update

- Statewide Survey/Monitoring (Doug Bell, East Bay Parks) - 10 min presentation, 30 min discussion  
*Background: This was a topic we had previously discussed within a small group. Idea was to develop methodology to survey areas we do not know much (sierra foothills) and look into a volunteer program for monitoring nests we do know about.*
- Revisiting Research List (group discussion)– 30 min
  - Review previous list (2012)
  - How has this been used?
  - How do we update list?
  - How do we prioritize updated list?
- Parking Lot  
*If time allows, discuss other items of interest*
- Wrap-up and Next Meeting
  - Affordability
  - Location
  - Timing
  - Agenda Items

Adjourn – 5:00
